STORYTELLING IS THE INHERITANCE OF THE WORLD

Storytelling is the act through which the ideas and experiences of one generation are shared with those that follow. Our vision is to be a vital arts leader, connecting our community to world-class productions that celebrate the most powerful stories of the moment and the most defining stories from our past.

Since 1977, American Stage has contributed to the vitality of Tampa Bay as a non-profit regional professional theatre. American Stage's mission is to reinforce the power of live theatre with high quality productions that excite and challenge a diverse audience. Our year-round programming seeks to realize this through our Mainstage season, American Stage in the Park, 21st Century Voices: New Play Festival, Spotlight Series and Improv. American Stage Education's offerings include award-winning Teaching Artist Outreach focused on bringing theatrical arts experiences to under-served populations, helping them to excel onstage & beyond.

As an arts leader, we are committed to engaging and guiding the next era of theatre artists and arts audiences, administrators and advocates through ASFWD: The Next Generation programs.

We believe that through the telling of dynamic stories, live theatre has the power to unite us in our shared experiences and to deepen our connection to one another through the illumination of diverse perspectives. American Stage artists and stakeholders are responsible for helping a small theatre touring company blossom into a thriving world-class professional theatre providing nearly 70,000 Tampa Bay residents and tourists with accessible, relevant art and arts education annually.

You too can play a vital role in securing the future of live theatre for tomorrow.

Your generosity helps us to provide continued theatrical excellence and access for generations to come!
